Tea has become a healthy choice for Canadians. Many are switching over from coffee to Tea, due to all the possible health benefits that have been reported in publications across the world.

Last year we had over 3000 attendees and 46 exhibitors at our Two days Tea Festival

Join us at the Toronto Reference Library where participants will have an opportunity to highlight:

- Tea and culture
- Tea-related food and drink
- Food and tea pairing ideas
- Tea service items and equipment associated products and services

Event Features:

- Presenters will speak on a variety of topics
- Tea ceremony demonstrations
- Auction
- Tea themed Art

Your Opportunities:

We welcome an eclectic mix of business, restaurants, artists, and service providers.

This is your opportunity to:

- Be involved as an Exhibitor, Sponsor, Advertiser, Presenter, Contributor or any Combination.
- Directly target your niche market

The benefits for your business:

At the 2017 Tea Festival, we sold over 3000 tickets and this year we are expecting the numbers to over 3500. Attendees can sample your tea-related drinks and food, purchase products, and learn about your business or service. With this event being held just before Valentines' Day, there will also be interest in purchasing gifts for family and friends.
